

src/server/include
/interfaces/IClassMapper.h

```
graph TD; A["src/server/include<br/>/interfaces/IClassMapper.h"] --> B["string"]; A --> C["vector"];
```

The diagram illustrates the dependencies of the header file `src/server/include/interfaces/IClassMapper.h`. Two blue arrows point from the header file box to two separate boxes below it, labeled `string` and `vector`, indicating that the header file depends on these two standard C++ types.

string

vector
